HUMMINGBIRD CAKE

Hummingbird cake is a traditional Southern specialty and apparently got its name from "as hummingbirds flock to the sweet nectar -- so everyone to this cake".

It is a beautiful three-layer cake with the consistency of a carrot cake, but with the flavors of bananas and pineapple and held together by a delectable Cream Cheese Frosting -- yum!

RED VELVET CAKE

Red velvet cake recipe that legend alleges was received from a chef at the Waldorf-Astoria Hotel. This amazingly mouth watering cake has been doctored by my grandmother and my mother before me to create a Christmas masterpiece.
